 - Calibration log is kept as per requirements
 - written IPQC and final QC process
 - As per IPC/WHMA 620
 - customer complaint resolution + satisfaction
 - thorough CAR, PAR, and complaint initiation and resolution procedures

- customer satisfaction monitored and reported

Due to NDA and other contractual commitments, OCP Group is unable to share its customer list. However we do business with some of the largest global businesses in the Medical, Instrumentation, Industrial Computing, Petroleum and Petrochemical industries. OCP's supply chain coupled with its design capability are uniquely positioned in the industry to provide OEM's in North America and beyond some of the most reliable cable assemblies and wire harnesses available.
